Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

In this filing, we are revising our Illinois Viking Insurance Company of Wisconsin "Dairyland Auto" automobile program rates.

The Monthly 03NS and the Six Month 09NS products will have identical rates with the exception of term, paid in full discount and the quarterly discount and the renewal effective dates. The purpose of continuing with two identical products is to give the insured the option of the payment term that best fits their individual needs.

With this rate revision, we are changing our base rates, territory factors and select territory definitions. These new rates should help to maintain our products pricing at an adequate and more accurate rate level, thus allowing our company to grow profitably in the future. The long-term success of this program depends on these changes.

*Adjusted to reflect all prior rate changes.

**Change in Company's premium level which will result from application of new rates.
